- This amazing villa will be located in Tumbak Bayuh area, Pererenan. A smart alternative to live with a typical chill breeze coming from the higher regions of Bali right in the heart of the most exclusive neighborhood. The villa has been built on a slightly sloping terrain and boasts a two-story designer layout, with a spacious and modern design created by the renowned Spanish architect Nacho of Bamboo. The design concept is focused on achieving a seamless integration between the patio, decking, and garden with the interior spaces. This is accomplished through the use of a wide openable façade, which offers unobstructed views and creates a holistic living experience. This stunning villa occupies a plot of 1120 square meters, with a total built-up area of 940 square meters. The property boasts five bedrooms and two additional rooms, six bathrooms, a basement, a cinema room, and an office, offering ample space and luxury living. This villa presenting a rare opportunity to own a piece of paradise in Tumbak Bayuh, Bali, and a promising investment prospect. Don't let this chance slip away and make your dream a reality.
