You will find this a plus point while being away from the hustle bustle in Canggu, but still able to reach by a short drive.

The villas were thought down to the very last detail to have a perfect quality of life.

Built and designed in a modern minimalist style with a blend of high-end nature furnishing such as teak wood and natural stones for sustainability, high quality materials were used to build & furnish the places. Nothing was left to chance.

Built on 1000 sqm of land, the properties, designed on a unique level, enjoy amazing sunsets.

The outdoor area features a garden, a super infinity swimming pool, extensive sun decks, and loungers to relax and enjoy the sun.
