Nestled in the untouched southern valley of Lombok, this villa offers a rare blend of privacy, natural beauty, and serenity. Surrounded by rolling green hills and only a short drive from the iconic Selong Belanak and Mawi beaches, this peaceful location immerses you in nature's rhythm. The sounds of birds, rustling trees, and distant waves replace traffic and noise, creating a sanctuary designed for mindful, slow living. This is an eco-conscious, freehold property where connection to the land and well-being are at the heart of everyday life.

From the carport, a stone path leads through lush landscaping to a striking entrance marked by a sharp triangular feature. Inside, clean volumes and an open layout flow seamlessly toward a covered deck and angular infinity pool, where cascading water, integrated greenery, and an optional slide create a refined yet playful tropical setting.

This villa features four bedrooms, including a spacious master suite with a walk-in wardrobe and sweeping panoramic views. The children's rooms are thoughtfully designed to adapt over time—transitioning from playful, creative spaces into practical rooms for teenagers. An open-plan kitchen and dining area connect seamlessly to the outdoors, complemented by a pantry, laundry area, and convenient exterior dog wash. Bathrooms are crafted with natural textures and modern comforts, featuring double basins, open showers, and soft ambient lighting.

With rising land values in Lombok and increasing demand for tranquil alternatives to Bali, this development offers excellent rental potential and long-term investment value. Set in a prime location surrounded by breathtaking valley and ocean views, it combines secure freehold ownership with a lifestyle immersed in nature, family, and well-being.

It is not just a home, it's an architectural stance. Built for those who value structure, intention, and enduring beauty.
