## Features

Property ID	BE-243	Bathrooms	3
Price	\$448,000	Leasehold	32 years
Land Area	314 sqm		
Property Size	231 sqm		
Bedrooms	3		

This residential area in Bumbak, near Umalas, offers 8 units of 3 or 5 bedrooms. It's perfect for both family life and investors. The area offers a calm and secure atmosphere, making it ideal for raising a family. The villas are all furnished and come with parking for cars and motorbikes as well as a private pool.

A modern villa with a beautiful design would have a combination of mixed wood elements, such as a wooden exterior with large windows that allow for plenty of natural light to flood the interior. The decor would be sleek and minimalistic, with a focus on clean lines and neutral colors to create a sense of spaciousness. The use of wood in the design would add warmth and texture to the space, while large windows would provide a connection to the outdoors. The overall aesthetic would be a blend of modern and natural elements that create a serene and inviting atmosphere.
