Nestled in the untouched southern valley of Lombok, this villa offers a rare blend of privacy, natural beauty, and serenity. Surrounded by rolling green hills and only a short drive from the iconic Selong Belanak and Mawi beaches, this peaceful location immerses you in nature's rhythm. The sounds of birds, rustling trees, and distant waves replace traffic and noise, creating a sanctuary designed for mindful, slow living. This is an eco-conscious, freehold property where connection to the land and well-being are at the heart of everyday life.

The design, characterized by soft and feminine curves, creates a warm and peaceful atmosphere perfect for families. The villa features bright, open living spaces that seamlessly connect to the outdoors, including a spacious living room and a fully equipped open kitchen with a pantry and laundry area. It offers four bedrooms with ensuite bathrooms, thoughtfully designed for both adults and children. The children's rooms are adaptable, evolving with each stage of life, while the multifunctional room can be customized as a home office, gym, or meditation space. Outside, a teardrop-shaped pool with a cascading waterfall, surrounded by hanging gardens, provides a serene tropical setting ideal for both relaxation and play. Every detail is crafted to invite light, nature, and warmth into daily living.

With rising land values in Lombok and growing interest in peaceful alternatives to Bali, this development offers strong rental potential and long-term value. Located in a prime area and surrounded by panoramic views of the valley and ocean, it combines the benefits of secure freehold ownership with a lifestyle deeply rooted in nature, family, and well-being.

It is more than a villa, it's a way of life.
